# LEGISLATURE PULLING UP

The Senate Had a Quorum Yesterday-House Gaining Ground Slowly.

### **GOVERNOR USES VETO POWER**

Would Save Privilege of Issuance of Notes of Circulation to State Banks.

The General Assembly reconvened yesterday, but with a quorum lacking is the House and but twenty-two senators present. Neither house disposed of any business, and but little attempt was made to do so. The Senate adjourned to give the Committee for Courts of Justice opportunity to act, there being nothing be-

fore the body. With but forty-eight members present in the House, as developed by the roll call, nothing could be taken up, and that

body also adjourned until to-day.

In the Senate a joint resolution was offered proposing to elect a judge for the County Court of Essex, but no action was taken thereon.

The prospect is good for a large attendance of both houses to-day and the transaction of considerable business.

The House.

The House.

The House was called to order at noon by Speaker Ryan, and prayer was offered by Hon. L. T. Christian; member from the city of Richmond.

Mr. Duke was absent from his seat, and having been diagent in the matter of securing a quorum herotofore, Mr. Green, of Fauquier, in a spirit of levity, asked that the House give the Amember one day's leave of absence.

Alember of the services of the services of a quorum, only forty-eight members answering to their names.

The roll call developed the absence of a quorum, only forty-eight members answering to their names.

The confluence of the Senate convened at noon yes.

Char, G. M. Wallace, A. D. Watkins and Joseph Whitehead.

There being no quorum of the House and no calendar before the Senate for its consideration, the latter body, after sitting less than an hour, including the intermission, adjourned until to-day. A creder that the Committee for Courts of Justice might sit and consider the important bills before that committee.

During the brief business session of the benate, Mr. Sale, of Norfolk city, offered a joint resolution, proposing to elect a judge for the County Court of Essex. As the House could not act on the resolution, it was passed by in the Senate.

Despite the extremely cold weather on Sunday a large congregation was present at Laurel Street Methodst Church, when the pastor, Rev. Dr. Henry E. Johnson, preached on the "Second Coming of Christ." At night he preached the fourth of his series of sermons on prominent characters of the Bible.

INCREASE IN DISTILLERIES.

The season for the fruit brandy distilizers of this internal revenue district is now about over for the year. Since the Mann bill became operative there has been an increase of distilieries of fruit brandies from 68 to 103, and a corresponding increase in the output of brandles, chiefly apple brandles. Besides these there are fifteen grain distilieries, an increase of six or seven over the year 1002. These distilieries are supervised by deputy collectors.

The wholesale trade in liquors and brandles during the year just ended shows a steady and substantial increase. The government imposes a specific tax on wholesale dealers and a graded tax on rectifiers and brewers.
